Better Information...Better Support

KOMTRAX provides timely information that brings you, your dealer, and your forklifts into a tightly integrated web of support.

KOMTRAX allows Komatsu and your dealer to be more proactive and respond faster when maintenance is required, eliminating most unplanned downtime.

User Friendly Web Application

The KOMTRAX easy to access web application allows you to see all machine information using easy-to-view maps, graphs, and charts. And this valuable information can be downloaded into spreadsheet programs for further analysis or uploaded directly into existing office systems.

Dealer Support

KOMTRAX will help your Komatsu Forklift dealer increase their level of support for your forklifts and your specific needs. With the improved level of information provided by KOMTRAX, your dealer can anticipate your service and maintenance need, as well as current and future parts requirements.

Monthly Operational Analysis

E TIME

MANAGEMENT

Easy, **ANYWHERE ACCESS** to your equipment data

Simply log on to the web application from any computer to:

- View and download machine information using maps, graphs and charts
- Use search parameters to quickly find information based on key factors such as utilization rates, age, various notification messages, and more
- Control access and viewing rights so that only authorized people see the information. Receive alerts sent to your email inbox or smartphone
- Allow Komatsu dealers to automatically monitor your machines to proactively schedule maintenance and respond to repair needs
- Monthly and annual fleet reports delivered to you to help identify your fleet's utilization

Pre-installed and ready to go on day one.

KOMTRAX is standard equipment on new Komatsu FH Series Forklifts, with free monitoring service for the original owner for the life of the equipment.
